NPS and NPS Scotland Membership

If competitors are looking to compete at the NPS Scotland Finals at Blair Castle, they are only required to be members of NPS Scotland. However if competitors are looking to qualify for the National Championships at Malvern they are required to be National Members in order to collect the qualification card in the ring. You must be a National member in order to enter the ring to compete in an Olympia qualifier (with the exception of Breed Qualifiers) NPS Scotland membership only will not give you entry. As a National member you will be a member of area Scotland, this is not NPS Scotland. There is a reduced membership fee to NPS Scotland if you are also a national member. Membership of NPS Scotland gives you membership privileges of reduced entry fees at our shows, automatic schedules if requested, performance scheme, newsletters and other events. If you intend to compete only in Scotland then it is much cheaper to be a member of NPS Scotland.

Joining Fee (Applicable to all new Members)	£ 5
Full Member (Please delete as applicable)	
1. NPS Scotland Membership	£20
2. NPS Scotland Associate (Non Competing Member)	£15
