### Daisy Fleming

Daisy is 12 years old and competes and produces her two Connemara ponies Hexden Dancing Mirah (Hex) 143 cm and Tullanah Basil (Basil) 148 cm.

Daisy says - Basil was sourced for me during lockdown. He came from Ireland in September 2020 as a 5 yr. old and we have had great success this year winning the Novice WHP at BSPS Summer Show as well as the Novice 148 WHP at Scottish Friends. Basil has also shown good aptitude for show jumping as we have won several show jumping classes this year as well as completing two one day events where we were placed 3<sup>rd</sup> in the Connemara Performance Class. He is a super laid- back pony who just needs more mileage and I plan to hunt him over the winter to continue his education.

Hex has also had a great year and won the Novice WHP at the BSPS Scotland Summer Show and was 4<sup>th</sup> in the ODE at Foresterseat, but the highlight for us was jumping a super clear round in the NPS Scotland Spring Show round the RI track to finish second and jumping round the amazing Working Hunter courses built by Graham Barclay at the Highland Show and the Scottish Horse Show.

I'm really looking forward to 2022 getting out with the ponies again and this bursary will help me greatly towards getting the ponies ready for next season. Thank you so much.
