

NPS SCOTLAND BURSARY AWARDS 2023

AVA TAIT

I am delighted to have been awarded a training bursary from NPS Scotland. I have had the pleasure of owning Pennal Mab Y Brenin for the past three years and during this time we have grown together in our partnership and have really 'clicked' during these past 2 years.

We have had a successful few seasons with our results including being 2nd in our RHS Hoys C&D qualifiers two years running. We were also 2nd Blair 2022 and reserve supreme at Nps Spring Show 2023.

We have introduced some working hunter & training stakes classes this year which is new for both of us and we have really enjoyed it.

Our focus for 2024 is to continue with our open classes and contend some Hoys qualifiers further afield as well as Scotland. We will also try and gain more experience in the novice working hunter. We will use our funding to continue our education with some lessons at home and showing and working hunter clinics that become available for 2024. Thankyou so much for this opportunity Nps Scotland.

NPS Scotland are delighted to award this bursary to Ava and Pennal Mab Y Brenin and wish them a very successful season in 2024
