

NPS SCOTLAND BURSARY AWARDS 2023

GENEVIEVE ALBENTOSA

Genevieve is so pleased and grateful to have been awarded the NPS bursary to help towards her training. Genevieve and her 14.2hh bay 9-year-old registered Welsh Section D, George (Ringinglow Gladiator), have just completed their first year together building a great partnership and having fun doing a little bit of everything, including showing, working hunter training stakes, pony club activities, dressage, show jumping, hunter trials and their first BE eventing. Unfortunately, George did not have the best start in life and can worry when meeting new people so taking the time to get to know each other has been essential.

Next year Genevieve hopes to have her first full season competing in BE80 under 18s so the training bursary will be put to great use helping her attend lessons and clinics over the winter months. Her ultimate goal is to be ready for, and complete, the BE90 Grassroots at Blair. Genevieve also plans to compete at the NPS Supreme Dressage Championships down south which they qualified for earlier this year. Whilst they still have lots to work on and improve, George is already showing us there is nothing a Welsh cob can't do!

NPS Scotland are delighted to award this bursary to Genevieve and Ringinglow Gladiator and wish them a very successful season in 2024.
